

**Safety Data Sheet**  
HD CITRA-SOLV

149886  
N434167

**Section 1 Identification**

**Trade Name:** HD CITRA-SOLV  
**Product Identification:** 4207  
**Synonyms:** Orange Terpenes  
**Product Use Description:**  
Degreaser

**General Info Phone:** (800) 795-9222  
**Emergency Phone:** (800) 535-5053

**Manufactured By:**  
ABC Compounding Co., Inc.  
6970 JONESBORO RD  
Morrow, GA 30260

ABC COMPOUNDING CO. INC.

**Section 2 Hazards Identification**

**Classifications**

- Aspiration Hazard - Category 1
- Skin Irritation - Category 2
- Eye Irritation - Category 2
- Skin Sensitization - Category 1
- Flammable Aerosols - Category 1
- Gasses under pressure - Liquefied gas

**Signal Word:** No Signal Word

**Hazard Statements**

**Precautionary Statements**

**Section 3 Composition**

<u>Chemical Name</u>	<u>CAS #</u>	<u>Concentration</u> <u>% by Weight</u>
----------------------	--------------	--

Notes:  
Classification:

**Section 4 First Aid**

# Safety Data Sheet

## HD CITRA-SOLV

### EMERGENCY OVERVIEW

**DANGER.** Extremely flammable. Contents under pressure. Harmful or fatal if swallowed. Aspiration hazard if swallowed. Keep away from heat and flame. Can cause nervous system depression.

**EYES:** Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing. If eye irritation persists: Get medical attention.

**SKIN:** Wash with plenty of soap and water. If skin irritation or rash occurs get medical attention. Take off contaminated clothing and wash it before reuse.

**INHALATION:** Remove person to fresh air and keep comfortable for breathing. Call a poison center or a doctor if you feel unwell.

**INGESTION:** Harmful or fatal if swallowed. Seek medical attention immediately. Aspiration hazard - this material can enter lungs during swallowing or vomiting and cause lung inflammation and damage.

## Section 5 Fire Fighting Measures

### Suitable fire extinguishing media:

Use water spray, fog or foam.

### Specific hazards arising from the chemical:

Flammable aerosol. In a fire or if heated, a pressure increase will occur and the container may burst, with the risk of subsequent explosion. Gas may accumulate in low or confined areas or travel a considerable distance to a source of ignition and flash back, causing fire or explosion. Bursting aerosol containers may be propelled from a fire at high speed. Runoff to sewer may create fire or explosion hazard.

### Hazardous thermal decomposition products:

Carbon Dioxide, Carbon Monoxide

### Specific fire-fighting methods:

Promptly isolate the scene by removing all persons from the vicinity of the incident if there is a fire. No action shall be taken involving any personal risk or without suitable training. Move containers from fire area if this can be done without risk. Use water spray to keep fire-exposed containers cool.

### Special protective equipment for fire fighters:

Fire fighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with a full face-piece operated in a positive pressure mode.

## Section 6 Accidental Release Measures

# Safety Data Sheet

## HD CITRA-SOLV

### Personal precautions:

Put on appropriate personal protective equipment (see section 8)

### Environmental precautions and clean-up methods:

Stop all leaks. Isolate hazard area. Keep unnecessary and unprotected personnel from entering. Eliminate all ignition sources. Disperse vapors with water spray. Prevent runoff from entering drains, sewers, streams or other bodies of water. Absorb spill with inert material. **DO NOT use clay-type absorbent materials.** Absorb unrecoverable product. Transfer contaminated absorbent, soil and other materials to containers for disposal.

## Section 7 Handling and Storage

Do not use or store near heat, sparks or open flame. Exposure to temperatures above 120 F may cause bursting. Do not puncture or incinerate container. Store in a cool, dry place. Do not get in eyes, on skin or on clothing. Intentional misuse by deliberately concentrating and inhaling may be harmful or fatal. Keep out of reach of children.

## Section 8 Exposure Controls/Personal Protection

**Eye Protection:** Wear safety glasses or goggles.

**Skin Protection:** To prevent repeated or prolonged contact, wear impervious gloves (made from rubber, nitrile or neoprene).

**Respiratory Protection:** When respiratory protection is required use an organic vapor cartridge. A respiratory program that meets OSHA's 29 CFR 1910.34 & ANSI Z88.2 requirements must be followed.

**Engineering Controls:** Good general ventilation required.

## Section 9 Physical and Chemical Properties

<u>Property</u>	<u>Value</u>
-----------------	--------------

## Section 10 Stability and Reactivity

**Reactivity :** Under normal conditions of storage and use, hazardous reactions will not occur.

**Chemical Stability :** Stable under normal conditions.

**Incompatible Materials :** Acids, strong oxidizers, inorganic clays (clay-type absorbents)

**Conditions to Avoid :** High temperatures, open flames, sparks, welding.

**Decomposition Products:** CO, CO<sub>2</sub>

Vapors may ignite at temperatures exceeding flash point.

## Section 11 Toxicological Information

**Primary Route of Entry:** Skin contact, inhalation, ingestion

### Acute/Potential Health Effects:

**EYES:** May cause serious eye irritation. Symptoms include stinging, tearing and redness.

**SKIN:** May cause skin irritation. Prolonged or repeated contact may dry the skin and cause sensitization. Symptoms may include redness, burning, drying of skin and skin burns.

**INHALATION:** High vapor/aerosol concentrations (>1000 ppm) are irritating to the eyes and respiratory tract. May cause nose, throat and respiratory tract irritation, coughing and headache.

# Safety Data Sheet

## HD CITRA-SOLV

**INGESTION:** Harmful or fatal if swallowed. Aspiration hazard - this material can enter lungs during swallowing or vomiting and cause lung inflammation and damage.

**Chronic / Long Term Effects:** None known.

**Target Organ Effects:** Skin.

**Reproductive/Developmental Information:**

**Carcinogenic Information:** This material is not listed as a carcinogen by IARC, NTP or OSHA.

**Acute Toxicity Values:**

Not available.

### Section 12 Ecological Information

Not available.

### Section 13 Disposal Considerations

Waste must be disposed of in accordance with federal, state and local environmental control regulations. See label for further instructions.

### Section 14 Transport Information

Certain shipping modes or package sizes may have exceptions from the transport regulations. The classification provided may not reflect those exceptions and may not apply to all shipping modes or package sizes.

**UN number** 1950  
**Proper shipping name** Aerosols, flammable  
**Class** 2.1  
**Packing group** -

### Section 15 Regulatory Information

If identified components of this product are **CERCLA** hazardous substances and/or listed under **Sections 302, 304, or 313 of Title III** of the Superfund Amendments and Reauthorization Act (SARA) of 1986 (also known as EPCRA, the Emergency Planning and Community Right-To-Know Act), or under **California Proposition 65** (Safe Drinking Water and Toxic Enforcement Act), they are listed above in Section 15 of this SDS.

If identified components of this product are listed under Section 313, this product contains toxic chemicals subject to the reporting requirements of Section 313. This information must be included in all SDS that are copied and distributed for this material.

**Title III Section 311/312** Hazardous Categories - 40 CFR 370.2:

ACUTE (X) Chronic (X) Fire (X) Pressure (X) Reactive ( ) Not Applicable ( )

**T.S.C.A. Status:** All chemical substances found in this product comply with the Toxic Substances Control Act inventory reporting requirements.

Trade Name HD CITRA-SOLV

## HD CITRA-SOLV

**RCRA Status:** Under RCRA, it is the responsibility of the product user to determine at the time of disposal, whether a material containing the product or derived from the product should be classified as a hazardous waste. If this product becomes hazardous waste it would be assigned RCRA Code(s)

D001
